Two Million Homeless and Destitute People in Bible Lands

Appeal to prosperous America for help in this time of dire need.

Over one million have been butchered or perished of starvation through the barbarism of the Turks and their German masters, and unless succor is speedily furnished, countless multitudes will die before the winter is over. Over four hundred thousand orphaned children are in this great destitute band of homeless wanderers and they stretch helpless, beseeching hands toward the happy homes in America with a pitiful cry for bread and sympathy. The Sunday-schools are asked to make a special offering on January 6, 1918.

17 cents a day: \$5 a month: \$60 a year will save a life

Every cent contributed goes direct to the sufferers without deductions for expenses.

more liberally to Assembly's Home Missions, in order that we might the sooner be able, with the assistance of that committee, to employ an evangelist.

Sunday-school work received careful consideration at this session of the Presbytery. Rev. J. E. Jeter, our Sunday-school evangelist, reporting that he had organized a new school just recently and that there were other points near by the field he is now occupying in which he would in the near future organize not only Sunday-schools, but hoped to soon be able to report the organization of churches.

Adjourned meeting during the sessions of Synod in Dardanelle, November 9th.

Next stated meeting Prairie Grove, second Tuesday in April.

A resolution to so change our Manual as to elect commissioners to the General Assembly at the fall meeting rather than the spring meeting was docketed for consideration at the spring meeting.

Resolutions by the Ladies' Aid Missionary Society of Tabb Street Presbyterian church.

"Whereas, our God, whose ways are past finding out, and yet whose love is infinite, has seen fit, in an unexpected moment, to take to Himself our co-worker and friend, Laura Mason Russell; therefore, be it resolved—

First. That we accept this loss as becometh children of an infinite wise and loving Father.

Second. That we hereby express our appreciation of her strong character, her splendid influence, her friendly, cheery ways and words of encouragement which beautified the religion which she professed, and her faithful labors in the service of her King, through various channels, especially through this society.

Third. That we extend to her family through this medium our deep sympathy in this great loss of theirs and ours.

loving labors that he seriously overtaxed his strength.

Faithful in his pulpit ministrations, and delivering his message with earnestness and zeal as God's ambassador, his chief service to this church lay in the spotless purity of his character and in his abounding sympathy. He rejoiced with the happy, while for those in sorrow his sympathy was full to overflowing. In the sick room or in the house of mourning his gentleness and tenderness were exquisite.

As a winner of souls he had a large share of his Master's compassion for those that were ignorant and out of the way; and we believe that there will be found a goodly number able

EXCHANGE YOUR OLD BODY FOR A NEW ONE.

You can do it in three weeks and thereby renew your health. This article is written by a physician who has seen it demonstrated in numerous cases and explains how it is done.

Listen: If your weight is one hundred and thirty-three pounds your body contains eighty pounds of water, for, according to standard medical books, the human body contains sixty-seven and one-half per cent. of water. Now disease is invariably caused by impurities which we call poison, and these are readily dissolved by the right kind of natural mineral water. Drink ten gallons (eighty pounds) of Shivar Mineral water (use no other water for twenty-one days), and you will have exchanged your old body for a new one, so far as the soluble part of it is concerned. The impurities will be dissolved and pass away. If you suffer with dyspepsia, indigestion, sick headache, rheumatism, gall stones, kidney or liver disease, uric acid poisoning, or other conditions due to impure blood, accept Mr. Shivar's liberal offer which appears below. Read the following letter carefully; then sign and mail it:

Shivar Spring,
Box 14-G, Shelton, S. C.
